

Passion Assessment

At the time of our spiritual birth we are taught that God gives us spiritual gifts to use for carrying out His ministry. At the very same moment I believe He places in our heart a passion for serving Him. Each one of His followers/believers has a passion bestowed by God Himself. This assessment is designed to assist you in discovering your God-given passion. As you read each of the following place a checkmark in the blank only beside the people groups you feel a strong motivation (passion) to work with. Leave all others blank. You may have one or more in each category. If so, you may want to prioritize them (1,2,3) according to your sense of greatest passion. You may have some categories blank. Everyone has at least one passion group. Not everyone has a passion in each category. It is okay to have a category unchecked.

AGE

- Infants
- Preschoolers
- Children 6-11 yrs.
- Teens 12-17
- College & career
- Young single adults
- Young Married Couples
- Median adults (with teens)
