

2023 COLLEGIATE AND STUDENT MINISTRY REPORT

In partnership with associations and churches, the Office of Collegiate and Student Ministries works to reach middle, high school, and college students for Christ and help them grow in faith and service. Simply put – across campuses in Alabama we want to see the lost saved, saved disciplined, and the disciplined sent. Alabama Baptists sacrificially give so that we can call 16 full-time Baptist Campus Ministers and maintain 10 Baptist Student Centers. The Collegiate and Student Ministries Office also works in cooperation with multiple collegiate church plants, associational BCMs, and ministries at the University of Mobile and Samford University.
