

## **The Alabama Baptist (TAB Media Group)**

Thank you for the continued and much appreciated support of The Alabama Baptist newspaper and media ministry, also known as TAB Media Group. Our staff works hard to be good stewards of all its resources and seeks to stay as connected to the heartbeat of Alabama Baptists as possible, especially now that The Alabama Baptist is the largest circulated newspaper in the state.

We strive to produce content and resources that deliver truth with compassion through all that we do, including our second publication, The Baptist Paper, which is delivered every other week to a national audience and is available to The Alabama Baptist readers as well.

Your support and personal engagement with the various platforms available through TAB Media Group truly makes us a better team. As we recognize 180 years of ministering to you, know that you are why we exist, and it is a blessing to serve our Lord and each of you.
